

Don't Let a Fire Put Your Dealership in Hot Water

Adopting Sentry's recommended procedures can help you reduce your dealership fire exposures.

Sentry is a leading provider of insurance and safety services for the auto dealership industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that auto dealership customers adopt specific prevention procedures covering:

- Lot and inventory safety
- Showroom safety
- Service department safety
- Body repair safety

These recommendations, designed to help you reduce claims, are detailed in *Sentry Solutions – The Guide to Preventing Fires in Your Dealership*.

With Sentry's help, you'll spend less time worrying about dealership fires and more time focused on running your business successfully.

**Sentry Insurance –
We know your business.**

Claim File

Shortly after closing, a fire ignited in the service area of a dealership due to spontaneous combustion of some solvent-soaked rags. The fire spread upward and across the ceiling above the office section of the building. The showroom received extensive smoke and water damage and could not be used for three weeks. The \$1.5 million loss could have been avoided with proper storage of the rags.

Sentry's property and casualty coverages are underwritten by Sentry Insurance a Mutual Company or its subsidiary Sentry Select Insurance Company, Stevens Point, WI. Safety and claims services are provided by the underwriting company, or by Parker Services LLC, a subsidiary of Sentry Insurance a Mutual Company, Stevens Point, WI. Policies are not available in all states.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel and safety experts as appropriate.
