Don't Let Unsafe Conditions Put Your Dealership on the Skids

Adopting Sentry's recommended procedures can help you reduce your dealership safety exposures.

Sentry is a leading provider of insurance and safety services for the auto dealership industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that auto dealership customers adopt specific prevention procedures covering:

- Premises safety
- Lot safety
- Building safety
- Interior safety

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Keeping Dealership Conditions Safe*.

With Sentry's help, you'll spend less time worrying about dealership conditions and more time focusing on running your business successfully.

Claim File

An elderly customer walked through a service bay entrance. After chatting with the mechanic who was working on his car, the customer walked towards a new car that caught his eye two bays over and tripped on an air hose. He broke his hip and suffered a head contusion. The dealership was held liable for his injuries, since no signs or employees warned the customer to stay out of the service bay area.

Sentry's property and casualty coverages are underwritten by Sentry Insurance a Mutual Company or its subsidiary Sentry Select Insurance Company, Stevens Point, WI. Safety and claims services are provided by the underwriting company, or by Parker Services LLC, a subsidiary of Sentry Insurance a Mutual Company, Stevens Point, WI. Policies are not available in all states.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel and safety experts as appropriate.
