Don't Let Product Safety Issues Stop Your Facility Short

Adopting Sentry's recommended procedures can help you reduce your product safety exposures.

Sentry is a leading provider of insurance and safety services for the metalworking industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that metalworking customers adopt specific prevention procedures covering:

- Staff skills
- Design
- Testing
- Manufacturing
- Quality Control

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Reducing Products Liability*.

With Sentry's help, you'll spend less time worrying about product safety issues and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

A manufacturer designed, produced and sold a machine used to feed steel to other machines for processing. An employee of a company that purchased this machine was operating it when it became jammed. The employee reached into the machine to remove the jammed item. His arm was crushed when the machine suddenly restarted. The machinery manufacturer was found liable for failing to properly guard the machine. Claim costs totaled \$400,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
