Don't Let Premises Safety Failures Put Your Facility on the Skids

Adopting Sentry's recommended procedures can help you reduce your plant safety exposures.

Sentry is a leading provider of insurance and safety services for the metalworking industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that metalworking customers adopt specific prevention procedures covering:

- Written housekeeping policy
- Plant inspection process
- Preventive maintenance schedules
- Plant layout and machinery spacing
- Exterior premises inspections

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Plant and Premises Safety for Metalworkers*.

With Sentry's help, you'll spend less time worrying about plant safety and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

A machine operator carrying a large box tripped on an extension cord that crossed the walkway between machinery. The employee suffered a knee injury and underwent arthroscopic knee surgery.

The employee later returned to work in modified duty capacity, but continued to have knee problems and underwent a total knee replacement six months later. Medical bills, lost time and indemnity payments cost more than \$140,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
