# Don't Let Equipment Safety Failures Leave Your Facility Unguarded

**Adopting Sentry's recommended procedures can help you reduce your employee injury exposures.**

Sentry is a leading provider of insurance and safety services for the metalworking industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that metalworking customers adopt specific prevention procedures covering:

- Machinery maintenance
- Operator practices
- Ergonomics
- Housekeeping
- Facility layout

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Machinery and Equipment Safety for Metalworkers*.

With Sentry's help, you'll spend less time worrying about equipment safety and more time focusing on running your business successfully.

**Sentry Insurance –  
We know your business.**

## Claim File

An operator was making adjustments to a machine without locking it out. A co-employee, not knowing that the operator was adjusting the machine, cycled the machine, resulting in the operator's immediate death. The company had a Lockout/Tagout program, but did not enforce its policy. Claim total: nearly \$750,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit [sentry.com](http://sentry.com). Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
