Don't Let Safety Failures Force You to Call 911

Adopting Sentry's recommended procedures can help you reduce your employee accidents and sickness exposures.

Sentry is a leading provider of insurance and safety services for the metalworking industry. Put our expertise to work for you. Sentry's experienced safety professionals recommend that metalworking customers adopt specific prevention procedures covering:

- Safety policy statements
- Ergonomics programs/designs
- Hazard identification
- OSHA compliance
- Staff training

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Managing Safety and Health Exposures*.

With Sentry's help, you'll spend less time worrying about accidents and sickness and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

A machine operator was bending a steel bracket on a guarded punch press. He was not wearing safety goggles. The steel bracket broke and a piece of the bracket flew up and struck the employee in the right eye. The employee had two surgeries and a corneal transplant. Medical bills and lost time payments totaled more than \$200,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
