Don't Let a Lack of Equipment Safety Put Your Employees at Risk

Adopting Sentry's recommended procedures can help reduce machinery and equipment exposures.

Sentry is a leading provider of insurance and safety services for the printing industry. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that printers adopt machinery exposure prevention procedures covering:

- General practices
- Web- and sheet-fed presses
- Bindery
- Paper cutters and trimmers
- Machinery maintenance

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Machinery and Equipment Safety*.

With Sentry's help, you'll spend less time worrying about employee safety and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

A press operator, needing to wipe down the blanket and rollers, slowed a press to low production speed instead of switching to inch mode. His hand was pulled into the rollers and three of his fingers were crushed, resulting in amputation. Medical bills and lost time totaled more than \$100,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
