Don't Let an Emergency Situation Catch Your Dealership Unprepared

Adopting Sentry's recommended procedures can help you reduce emergency preparedness exposures.

Sentry is a leading provider of insurance and safety services for industrial equipment dealers. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that industrial equipment dealers adopt emergency exposure prevention procedures covering:

- Emergency response planning
- Evacuations
- Medical assistance
- Security

These procedures, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Emergency Preparedness and Response*.

With Sentry's help, you'll spend less time worrying about emergencies and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

An industrial equipment dealership received notification of a tornado warning. A dealership employee monitored the storm and warned employees in the main building. The employees evacuated to designated safe areas. An employee in an adjacent building did not hear the warnings and was killed when the tornado struck.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
