# Don't Let Shoddy Security Measures Leave Your Dealership Open to Theft

**Adopting Sentry's recommended procedures can help you reduce security exposures.**

Sentry is a leading provider of insurance and safety services for industrial equipment dealers. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that industrial equipment dealers adopt security exposure prevention procedures covering:

- Equipment location
- Premises monitoring
- Perimeter security
- Key controls
- Internal controls

These procedures, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Protecting Equipment Assets in Your Dealership*.

With Sentry's help, you'll spend less time worrying about security and more time focusing on running your business successfully.

**Visit us at [sentry.com](http://sentry.com) for more information on reducing risks associated with your business.**

We know your business.**

## Claim File

A skid steer, left by a customer for repair, was stolen from a locked storage yard at a dealership. An employee discovered the theft after arriving for work and noticing that the lock to the storage yard had been cut. Storing the skid steer inside a secured building could have prevented the theft.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit [sentry.com](http://sentry.com). Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
