Don't Let Employee Vehicle Use Put Your Dealership On the Block

Adopting Sentry's recommended procedures can help you reduce employee vehicle use exposures.

Sentry is a leading provider of insurance and safety services for industrial equipment dealers. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that industrial equipment dealers adopt vehicle use exposure prevention procedures covering:

- Written safety programs
- Motor Vehicle Records and background checks
- Employee training
- Vehicle usage
- Vehicle maintenance

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Employee Use of Dealership and Non-Owned Vehicles*.

With Sentry's help, you'll spend less time worrying about employee vehicle use and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

The driver of a dealer's delivery truck and trailer measured a clearance height of 14'10" on the front-end loader he was to deliver. In the course of delivery, the driver tried to clear an overpass with a height of 14'6". The loader fell off the trailer into the path of an oncoming car, killing the driver.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
