Don't Let Premises Safety Failures Put Your Facility on the Skids

Adopting Sentry's recommended procedures can help you reduce your plant and premises exposures.

Sentry is a leading provider of insurance and safety services for the electronic component manufacturing industry. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that manufacturers adopt facility exposure prevention procedures covering:

- Housekeeping policies
- Self-inspection processes
- Plant safety
- Fire safety
- Exterior premises safety

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Plant and Premises Safety*.

With Sentry's help, you'll spend less time worrying about employee safety and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

An employee ascending a stairway to a loft storage area missed a step due to the absence of railings. The employee suffered a knee injury and underwent arthroscopic knee surgery. The employee later returned to work in modified duty capacity, but continued to have knee problems and underwent a total knee replacement six months later. Medical bills, lost time and indemnity payments cost more than \$140,000.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
