**Adopting Sentry's recommended procedures can help you reduce your employee accidents and sickness exposures.**

Sentry is a leading provider of insurance and safety services for the electronic component manufacturing industry. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that manufacturers adopt accident prevention procedures covering:

- Safety policy statements
- Ergonomics programs and designs
- Hazard avoidance
- Materials and component stock storage
- Staff training

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Managing Safety and Health Exposures*.

With Sentry's help, you'll spend less time worrying about accidents and sickness and more time focusing on running your business successfully.

### Claim File

A machine operator sustained a minor laceration to his right hand and promptly reported the incident to his supervisor. The supervisor ignored the report, as the injury appeared to be minor. Several days later, the condition worsened and infection set in, resulting in ongoing medical treatment and lost time.
