Don't Let Poor Hiring and Training Procedures Degrade Your Facility and Workforce

Adopting Sentry's recommended procedures can help you reduce exposure to losses from hiring and training missteps.

Sentry is a leading provider of insurance and safety services for the electronic component manufacturing industry. Put our expertise to work for you.

Sentry's loss control professionals recommend that manufacturers adopt specific prevention procedures covering:

- Recruiting
- Training
- Retention
- Temporary staffing

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Recruiting, Training and Retaining Manufacturing Employees*.

With Sentry's help, you'll spend less time worrying about employment practices and more time focusing on running your business successfully.

Visit us at sentry.com for more information on reducing risks associated with your business.

Sentry Insurance – We know your business.

Claim File

After two days of on-the-job training, an employee was operating machinery without supervision. The employee ignored warnings to stay away from the feed of the machine. The operator's right hand was severely crushed, resulting in hospitalization, subsequent physical therapy and months of lost time expenses.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
