# Don't Let a Lack of Equipment Safety Put Your Employees at Risk

**Adopting Sentry's recommended procedures can help reduce machinery and equipment exposures.**

Sentry is a leading provider of insurance and safety services for the food processing industry. Put our expertise to work for you.

Sentry's experienced safety professionals recommend that food processors adopt machinery exposure prevention procedures covering:

- General practices
- Flour-present equipment
- Storage bins and conveyors
- Fryers and slicers
- Machinery maintenance

These recommendations, designed to help you reduce your claims, are detailed in *Sentry Solutions – The Guide to Machinery and Equipment Safety*.

With Sentry's help, you'll spend less time worrying about employee safety and more time focusing on running your business successfully.

**Visit us at [sentry.com](http://sentry.com) for more information on reducing risks associated with your business.**

## Sentry Insurance – We know your business.

### Claim File

Two employees were making repairs to a mixer, but failed to follow established lock-out/tagout procedures. While the first employee was repairing the auger, the second employee accidentally turned on the machine. The first employee sustained injuries to his hand and arm, resulting in hospitalization and extended lost time.

Products and safety services are underwritten, issued and/or administered by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit [sentry.com](http://sentry.com). Policies, coverages, benefits and discounts are not available in all states. Certain restrictions apply. See policy for complete coverage details.

This page contains general information on reducing risk. Sentry recommends that you consult with your legal counsel as appropriate.
