

Sentry Life named a top life and health company

Sentry Life Insurance Company has been included in Ward's 50 Benchmark Group of life and health insurance companies for 2008.

Every year, the Ward Group analyzes the financial performance of more than 900 life and health companies and selects the 50 companies that have excelled at balancing financial safety, consistency and performance in the previous five years.

This recognition from a respected independent source is great news for our employees and sales producers, as well as for the businesses and individuals who choose Sentry for life insurance and annuities, employee benefits programs and retirement savings plans.

Mark Hackl
Vice President – Life and Health
