Turn over to get started—it only takes a minute.

How does life insurance fit into your financial plan?

The following questions will help get you thinking about what life insurance can do for you and your business.

- What plans do you have in place to help protect you from life's uncertainties?
- What will happen to your business if an owner or key employee dies unexpectedly?
- If you have business debt, how are you protecting what you've worked so hard to build?
- When was the last time you reviewed your business continuation plan? How is it funded?
