

Resources to help keep you safe

Your safety is our top concern. Here are resources you can use to help prevent risks.

SAFETY AND CLAIMS SERVICES

Safety consultation

Our safety consultants are among the best in the transportation industry and have, on average, more than 20 years of transportation safety experience. We know your business and can assist with safety program development, regulatory compliance, and safety training or meetings.

Transportation safety kit

Available for free, this valuable online kit contains highlights of Federal Motor Carrier Safety Administration (FMCSA) regulations, sample forms, policies, and procedures.

Safety library

Our safety library has more than 125 articles on safety topics associated with the industry. These are available online to all Sentry customers.

Safety videos

Numerous transportation-specific safety titles are available. No rental fees for Sentry policyholders. Users are responsible for shipping and handling and any late fees.

Driver Safety Award

We will provide customized, printed safety awards to match your driver's safe driving accomplishment (100,000 crash-free miles, one year of safe driving, etc.).

24-hour claims service

Our trained claims professionals are available 24/7/365, toll-free at 800-473-6879. They'll handle the first notice of loss phone call, begin the investigation, and assign an adjuster to your claim.

VENDOR DISCOUNTS

Video coaching and training with Lytx® DriveCam®

We work with Lytx, a leader in vehicle event-based video recording systems. Their DriveCam technology allows motor carriers to enhance their driver safety management programs through video coaching and focused training. We have negotiated excellent contract pricing. Contact us for additional information.

Mobile online safety training powered by CarriersEdge®

We're pleased to offer access to trucking-specific safety training content through our arrangement with CarriersEdge, a premier online safety training provider. CarriersEdge offers excellent training topics to coach your drivers on safe driving or compliance. They also have an app to make it more accessible to your fleet so your drivers can train when it's convenient for them. Together, Sentry and CarriersEdge offer very affordable training with no long-term contract commitments.

Cargo theft prevention with CargoNet™

We've partnered with CargoNet, a Verisk™ company, to offer a 20 percent discount on their cargo theft prevention products and network. Members can stay informed on recent cargo theft trends, and also have the support of recovery experts in the event cargo is lost.

Criminal background checks and MVRs by IntelliCorp®

IntelliCorp provides Sentry customers with criminal background checks and MVRs at a discounted fee.

Drug and alcohol testing

Contact us for a referral to leading providers of DOT-compliant drug and alcohol testing programs for the transportation industry.
