

COVERAGE FOR YOUR PLASTICS BUSINESS

Equipment breakdown protection

When equipment failure hits you, it can result in expensive repairs and productivity losses. Our equipment breakdown coverage can help protect your business when breakdown occurs. We cover equipment crucial to plastics manufacturing, such as boilers, pressure vessels, mechanical equipment, electrical equipment, and production machinery.

LOSS SCENARIOS—HOW WOULD YOUR BUSINESS RESPOND TO THE FOLLOWING?

A utility company power surge causes an electrical breakdown of your data processing equipment, which shuts down an injection molding machine. Fortunately, you were able to expedite repair with the express delivery of spare parts and this averted any business interruptions.

Property damage: \$2,800 Expediting expense: \$500

Two out of four tie rods crack in your 250-ton injection molding machine. The tie rods need to be replaced. You are forced to halt production for two days while repairs are made.

Property damage: \$20,000 Business interruption: \$12,000 We can help protect your plastics manufacturing business with insurance coverages that address the following exposures:

TIME ELEMENT:

- Business interruption
- Extra expense
- Service interruption

CLASS SPECIFIC:

Consequential or spoilage

MECHANICAL EQUIPMENT:

- Air compressors
- Refrigeration compressors
- Pumps
- Gears and gear sets
- Engines
- Bearings
- Molds
- Die sets
