

TIPS Index Account

Invests in the Fidelity Inflation-Protected Bond Index Fund
 Benchmark BBgBarc US Treasury US TIPS TR USD

Investment objective and strategy

The investment seeks to provide investment results that correspond to the total return of the inflation-protected sector of the United States Treasury market. The fund normally invests at least 80% of assets in inflation-protected debt securities included in the Bloomberg Barclays U.S. Treasury Inflation-Protected Securities (TIPS) Index (Series-L).

Category - Inflation-Protected Bond

Inflation-protected bond portfolios primarily invest in fixed-income securities that increase coupon and/or principal payments at the rate of inflation. These bonds can be issued by any organization, but the U.S. Treasury is currently the largest issuer of these types of securities. Most of these portfolios buy bonds with intermediate- to long-term maturities.

Asset allocation As of 02/28/2021
